DMC - A 2015 RFMA Conference Exhibitor

Organizers sought more than 5,000 supporters who attended The Restaurant Facility Management Association's (RFMA) Annual three-day Conference this year, from February 1-3 at the San Diego Convention Center. The RFMA 2015 Annual Conference is a big chance to network with the largest gathering of Restaurant Facility Professionals and Vendors. It's the one place where you can share insights and learn about the newest products and services needed to succeed in this industry.

The Restaurant Facility Management Association represents and promotes restaurant facility professionals and vendor companies equally. The focus is on facility management within the restaurant industry. The mission of RFMA is to advance industry awareness of restaurant facility management, while promoting professional and ethical standards.

DMC Facility Services had the pleasure of being an Exhibitor in the Conference to make connections, learn new ideas from the Educational Sessions, and to hear the keynote speakers spread recognition. All of this was being done while DMC upheld RFMA's standards and overall goal to stand out from the rest. To do this, DMC demonstrated the existing product lines such as: Protect All Flooring, Rapid Weld Seam Adhesive, Laticrete Products, Marcoat Thermal Epoxy Grout; as well as our core purpose of providing outstanding quality and services to the Restaurant Industry.

DMC Facility Services was able to optimize all three days of this Conference to market themselves not just in the Restaurant Industry, but also deeper into the Retail and Hospitality Industries for any facility, electrical, remodel, and emergency services needed. Their stable growth in this business is a key point in why they are the best of the best!
