**DMC - Certified/Trained in Laticrete SpectraLOCK & Marcoat Epoxy Grout**

DMC Facility Services is sending out a reminder that they specialize in different flooring systems solutions for the Restaurant, Retail, and Hospitality Industries. Laticrete Epoxy Grout is the newest installment in their Facility Service Product line. DMC, a leading source in the Construction and Renovation aspect of commercial markets, now brings a groundbreaking innovative solution to quick turn renovations and fast track construction projects.

Laticrete SpectraLOCK is a modern tile grout technology that adds design flexibility. It is developed to deliver all the tile grout features and benefits sought by building professionals. From the flagship SpectraLOCK line to all the specialty formulations in between, Laticrete tile grouts are in a class by themselves. This tile grouts surpasses the toughest commercial standards providing a worry-free installation. Laticrete SpectraLOCK stain-resistant grouts are always able to reach their original color and boast the largest tile grout color selection on the market. DMC is Bonded, Insured, Certified as well as Trained in this and other products such as: Protect All Flooring, New Tile Products, and Marcoat.

Marcoat is a nonporous epoxy that eliminates the pockets where food particles, liquid and grease can accumulate in traditional grout and cause health hazards. The product is adamant to oleic acid and enzyme cleaners that exist in the kitchen environment, and also protects tile from breaking and chipping. Marcoat comes with a limited two-year warranty on workmanship and an additional manufacturer warranty against product failure of three years, for a total of five years of coverage against product breakdown under normal restaurant conditions. The material features industry-leading return on investment.

Laticrete SpectraLOCK and Marcoat Epoxy Grout allows for installations to be completed in half the time of traditional methods. Furthermore, facility management now has a low maintenance floor combined with the best solution for quick repair and replace. These two approaches offer differentiated designs, long-lasting performance, and easy maintenance. This new system provides the value and peace of mind you expect from DMC Services.
